HOUSTON (PRWeb) November 21, 2006 -- Today President and CEO Jonas C. Brown announced that B2B Credit, Inc., a Houston based company, will start to report all of their customers payments each month to Experian Business Credit. This process will become effective December 1st 2006.

Mr. Brown says, "We have been waiting for this to happen for some time now and our customers have been asking for this as well, we feel that this will help increase our customer base and lessen the risk of late payments."

Effective December 1st 2006, and on the 1st of each month there after, B2B Credit will have their accounting files pulled and sent to Experian for reporting for both positive and negative payment experiences on the business credit reports of its customer base.

Mr. Brown also said, "We are truly the only company that builds business credit in the USA to report to Experian. Next for us is to start to reporting with Dun and Bradstreet, once we accomplish this feat we will be a huge target for new and small companies alike."

From their inception, B2B Credit, formally known as Business Credit International, LLC, has become one of the fastest growing companies for building business credit in the country today.

About B2B Credit
B2B Inc. is a Houston based company that offers consulting services to new and small business owners. The consulting services offered include: Business Credit Building, Incorporating services, and credit management services. The value behind B2B Credit's name lies in its tireless effort of working to obtaining business credit without the use of personal credit. We succeed in delivering a diversified portfolio of business credit to each and every one of our customers.

Founded in early 2005, B2B Credit, Inc formally Business Credit International, LLC ("BCI") provides effective and convenient services that allow businesses to obtain corporate credit without the use of personal credit or personal guarantees.

Starting a business can be one of the most confusing, expensive, and frustrating experiences in life. Our goal is to make the process easier, faster and less expensive at the same time, allowing credit to be established under the business name.

About Experian
Experian is a global leader in providing analytical and information services to organizations and consumers to help manage the risk and reward of commercial and financial decisions. Combining its unique information tools and deep understanding of individuals, markets and economies, Experian partners with organizations around the world to establish and strengthen customer relationships and provide their businesses with competitive advantage. For consumers, Experian delivers critical information that enables them to make financial and purchasing decisions with greater control and confidence. Clients include organizations from financial services, retail and catalog, telecommunications, utilities, media, insurance, automotive, leisure, e-commerce, manufacturing, property and government sectors.
